

Guess who...

Look, buddy... you're supposed to be keeping me cool as I stand here in the blazing sun, I think to myself. But what are you doing? You're flirting with the ladies, thinking you're all cool, blowing them kisses. You even fooled one of them enough that she's showing her legs! Here I am, just guarding away, when suddenly, WHACK! I get a smack in the back of the head. Wait until I give you a piece of my mind-- we'll see how you look then! "Hey," I shout, even though I know nobody is listening to me. "Pharaoh! Look over here! This guy isn't doing his job!"
